Note: By Scientology AUDITING an individual can attain new states of Existence called RELEASE and CLEAR. While no training is required up to Preclear GRADE V RELEASE, it is then necessary if the individual at GRADE VI Release or Clear is to retain all his gains. The quality of processing has been upgraded in 1965 as higher states have been found. Clear today is a higher state than previously. We once called "Clear" what is today called RELEASE. Clear was higher than was first thought. Note: Designations found in the processing column refer to text book code numbers.
